ENVIRONMENTAL POLICY STATEMENT

Western Pegasus Limited was formed in 1981 to produce specialist spline and gear products. We hold UKAS accredited calibration laboratory status, and are certified to the Quality Management Standard ISO 9001:2015 The company design, manufacture, supply and service all of its products.

The management is committed to protecting the environment and minimising any environmental impacts of its activities, including its services. Our objective is to endeavour to continually improve the Company's Environmental performance.

The Company has initiated an environmental management programme that will:

- Set appropriate environmental standards with objectives and targets based upon our policy
- Maintain environmental monitoring through independent audits.
- Maintain plant and equipment to minimise pollution
- Reduce pollution by implementing waste minimisation and handling procedures
- Call on third parties such as suppliers, vendors and contractors to adopt similar standards
- Comply with existing and wherever practicable, impending environmental legislation and other compliance requirements.
- Communicate our environmental policy to associates, the public and to any interested parties. A copy of our Environmental Policy Statement will be made freely available.
- Use remote working/training methods to reduce travel and resulting emissions/pollution
- Use local suppliers wherever practicable.

Signed: *M. Bray*
